Man-days required for implementation of the activity have been distributed among EU integration and functional subdivisions in the following ratio: in case of responsible body - 30%/70% correspondingly, in case of assisting body - 20%/80% correspondingly. It should be mentioned that in different activities each body may act as a responsible body or as an assisting body, therefore the figures provided in the table represent the sum of man-days allocated to the particular authority both as responsible body and as assisting body.

Man-days required for implementation of the activity have been distributed among EU integration and functional subdivisions in the following ratio: in case of responsible body - 30%/70% correspondingly, in case of assisting body - 20%/80% correspondingly. It should be mentioned that in different activities each body may act as a responsible body or as an assisting body, therefore the figures provided in the table represent the sum of man-days allocated to the particular authority both as responsible body and as assisting body.
